

January-February 2015

Dear Folks,

Another year to serve our Lord and a chance to make our life count for Him! We are truly grateful for the things, which He has allowed us to accomplish in the past, but we are excited about what He will allow us to do for Him in the presence and future. Our heart throb is; Galatians 6:9 "And let us not be weary in well doing, for in due season we shall reap, if we faint not."

We are confronted by great challenges, and thrilled to see great achievements. The Professors at UCLA University in Monterrey, Mexico have created a complete series of new courses for ministry. There are four (4) blocks of five (5) courses each. Each block will take about ten (10) weeks to complete.

Our old courses and the new courses are offered to individuals online. The university (UCLA in Monterrey, Mexico) also offers some of their university courses online for individual studies. This is a tremendous opportunity for Spanish-speaking people around the world. This is using modern tech-knowledge to spread the Gospel and teach the Bible world-wide. Please pray for the ministry as they continue to expand their outreach to Glorify God.

We are grateful for the small part the Lord allows us to have in this great opportunity. We so appreciate your love, concern, prayers and financial support of the Woodfield family. Many continue to work together to reach and teach people about our Lord until He return!

Thanks to ALL OF YOU!!!

Eddie and Dianna Woodfield
