MISSIONARIES IN MEXICO REACHING THE SPANISH-SPEAKING WORLD THROUGH THE TRAINING OF NATIONAL WORKERS

July 2016

Dear friends,

We are thankful to God for His constant care and provision. We stand amazed to watch as God has always provided for our every need in His perfect timing.

The past few months have been very busy as we have been working on numerous projects. Russell and Daniel worked extremely hard to finish the editing and production of the new Bible Institute on DVD program. We were excited to be able to start shipping all 20 courses for the new curriculum on May 1st. This has been a two-and-a-half-year project of recording, editing and producing the materials for these new classes. These classes represent over 320 classroom hours of Bible Institute material that can be taken to any part of the world. We have already had a number of churches and missionaries begin using these materials who were anxiously awaiting the final 10 that we just released. We pray that God will continue to use these materials as we have seen Him use our materials for so many years.

As we were working on the new DVD courses we were also working on preparing these same courses to be available online, so that pastors, leaders, missionaries and lay-workers all around the world can study these courses from their own homes. We are excited that by the end of May we had all the courses available online as well. We have seen students from all over the Spanish-speaking world take these classes to improve their knowledge of God's Word.

We are continuing to record additional classes for the Bible institute, as well as university level classes for those who want a deeper knowledge of God's Word. Between the Bible Institute and the university level we have recorded over 1,000 hours of classes over the past few years.

Carena was able to finish 6th grade in the Christian school that is connected to the university. We are thankful to God that she was able to jump right back into the school after being homeschooled for the past 2 years. She worked very hard and was towards the top of her class. As finishing elementary school is very big here in Mexico, there was a formal graduation with all the works. This next year she will continue in the Junior High for all classes except English and we will be doing our own English program once again.

Ministering at a university means there are a lot of weddings followed by a lot of little ones. We had the privilege to do some premarital counseling with two of the young ladies who have been in Debbie's discipleship group over the past few years and their future husbands. It was a joy to see how God brought each couple together, and we are anxious to see what God will do with each couple in the future. Last week we had the privilege to travel to the state of Hidalgo and attend both of these wedding as they were in the same town, one on Friday and the other on Saturday.

Before attending the wedding, we traveled to Tampico where Russell spoke at Bible study for couples on the subject of "Marriage and Money." He then preached at both services on Sunday on "Finances in the Church" and "Unity in the Church." Russell also installed some new speakers in the church that he and fellow missionary Tom Chapman had designed and built. He thought it might take a couple of days to get all the new cabling done and the speakers installed, but God blessed and he was able to finish in just a couple of hours. Finishing the sound install so quickly gave us a couple of extra days before driving over to the weddings, so we were able to drive down to Poza Rica, Veracruz and spend time with several families we have known for many years.

The university finished in early July with 23 graduating from the university, 20 from high school and 3 with their masters degrees. We are already busy preparing for next year and it appears that we will have a very good enrollment as we have more new enrollments than we usually have at this point. Classes start back on August 22nd.

We appreciate your prayers and support so that we can minister here in Mexico. We are excited about what God has been doing and that gives us confidence in the future because we know it is in His powerful hands!

In Christ,

Russell, Debbie & Carena Raymer

Prayer Requests:

- Russell to complete Private Pilot training
- Timely finish to various work project in the dormitories and university buildings.
- Missionaries traveling: safety and good ministry time this summer.
- Conference in September to travel to.
- Safety for our students as they come back to school in August.
