OREMUNDO 956-821-4984

July – August 2015

## Of Special Interest

Eddie turned 71 years old.

God is providing our needs.

Our new courses are in demand.

## Eddie turned 71 years old

Seems like the longer we live, the more we ask, where did all those years go? It has been a very exciting and wonderful time serving the Lord as missionaries for 44 years.

First, may we state that there are no regrets for giving our lives to serve the Lord. We thank Him for allowing us to serve Him and the years spent on the field.

We have very fond memories of each and every ministry. Each of the seven ministries had life changing experiences for us and our children.

Our children have wonderful memories of being raised on the mission field. They learned different languages and customs. They also have created special life time

friendships. Even today, our children keep in touch with many of their friends.

Most children have only visited a few states. Our children have had the privilege of visiting many countries.

## What wonderful things of God

The Spiritual blessings of these 44 years have been astronomical. God has allowed us to see many folks saved and several called into full time service for the Lord. What mighty power and Grace of God that can change lives for His glory!

First, we rejoice in what God has done through us and for us. May we always be quick to give God all the credit. Without God, nothing eternal would have been established.

Secondly, without the financial and prayerful support by many folks like you, this would not have happened. We are a team!

We wish to thank each and every person that helped us accomplish this service for God. As a faithful team player, you are to be commended and honored by us. We realize that without you, we would not have been able to accomplish what has been done for God's Glory! We are grateful

and are indebted to you!!! What an honor and privilege to serve with such dedicated Christians. We are looking forward to standing with you at God's Throne.

Several missionaries are now beginning to use our new courses. They are excited and grateful for these new tools to train Christians to reach others for the Lord.

Please continue to pray for us and the ministry God has called us to serve with.
