

May-June 2017

Dear Folks,

May and June were busy months of traveling to some supporting churches and a short reunion in South Dakota. We passed through a couple of states for our first time. At this time of year, they were very beautiful, and made you proud of America! After six weeks and almost 4,000 miles, we returned home to hot, and dry South Texas. Yes, very hot and very dry, but very much the place God has planted us. We love it, because we know that we are in His will for our lives.

**We have a very special prayer request;** a very dear and a very faithful (almost fifty years) missionary friend of ours is fighting a battle with cancer. It was in remission, but has returned and all of us are very concerned. He has an excellent outlook about this matter and is fully trusting in God's Grace and God's Will. Please add him to your personal prayer list. His name is Gary Queen. He has played a vital role in the University's local church after the death of their Pastor and his wife. He is also a professor in the Christian university in Monterrey, Mexico.

Please remember to pray for all the missionaries working at the university in Monterrey, Mexico. The city of Monterrey is still a dangerous area. The border is not improving, it is still very active with crime, drugs, human trafficking and etc..

Your love, concern, prayers and encouragement are appreciated. Thanks for allowing us to be a part of your missions program. We are indebted to all of you! We are looking for His soon return!

Thanks to ALL OF YOU!!!

Eddie and Dianna Woodfield
