Dear Folks,

What a privilege to be serving our Lord! To be honest, we are just excited as when we started 48 years ago. The challenges have always been before us, but the joy of serving continues to motivate and encourage us.

We never write a "Prayer Letter" without thanking and praising our Lord! It has always been a great joy and privilege to carry the Gospel to other countries. As God encourages our hearts and challenges us to share the Gospel, we are very aware of your love, prayers and finances. You are our co-workers and have made our ministry possible. We are always thankful and appreciate your support, encouragement and love.

God continues to open new doors of opportunities to serve Missionaries and National Pastors with our Spanish materials. Our heart's desire is to assist these folks that are in every Spanish-speaking country of the world.

Please remember our missionaries working at UCLA in Monterrey, Mexico. They have served well and are very dedicated.

Yours in Christ,

**Eddie and Dianna Woodfield**
